HOOK RAPIDE - i1 a i28 (~30 sec | 1-1,2 sec/image)

i1 Your brother said he was throwing a party.
i2 Not a normal party.
i3 A "brand party."
i4 For TikTok.
i5 For Instagram.
i6 Ring lights in the garage.
i7 You thought dance videos.
i8 You were wrong.
i9 OnlyFans.
i10 Fansly.
i11 Collabs with models.
i12 Filmed in your house.
i13 Your kitchen.
i14 Your hallway.
i15 Your bathroom mirror.
i16 POV: Your Life As The Sister Of An OnlyFans Brother.
i17 The party wasn't TikTok.
i18 It was a shoot.
i19 Mom and Dad were out of town.
i20 The house was his.
i21 "Just creators," he said.
i22 Three girls arrived with equipment cases.
i23 Tripod in the hallway.
i24 Softbox in the kitchen.
i25 "Stay upstairs. We've got content to film."
i26 You googled his username that night.
i27 The first result wasn't social media.
i28 It was a subscription page.

ACTE 1 - La soiree | i29-i68 | ~2 min 30 | ~3-4 sec/image

i29 It started on a Friday.
i30 Mom and Dad left for a wedding in another state.
i31 You had the house to yourself - or so you thought.
i32 At 5:47 PM your brother texted the family group chat.
i33 "Brand party tonight. Don't embarrass me."
i34 You replied: "How many people?"
i35 He said: "Just creators."
i36 You still didn't understand what that meant.
i37 At 6 PM the doorbell rang.
i38 A girl with a ring light stand.

i39 Another with a rolling equipment case.
i40 A third in a crop top and heels.
i41 "Hey! We're here for the shoot!"
i42 Shoot. Not party.
i43 You looked at your brother.
i44 He was already pushing the couch against the living room wall.
i45 Tripod in the hallway.
i46 Softbox in the kitchen.
i47 Backdrop taped to the staircase.
i48 Your staircase.
i49 "Can you stay upstairs?" he said.
i50 "We've got content to film."
i51 You went to your room.
i52 Door closed. Door locked.
i53 Downstairs: music, laughter, someone yelling "Action."
i54 You told yourself it was influencer stuff.
i55 Brand deals. Fitness content. Nothing weird.
i56 But the laughter didn't sound like TikTok.
i57 It sounded like a set.
i58 At 10 PM you needed water.
i59 You crept downstairs.
i60 The kitchen was empty.
i61 The counter had makeup wipes, baby oil, and a clipboard with shot lists.
i62 Shot lists.
i63 Not recipes. Not homework.
i64 Shot lists.
i65 On the fridge: a whiteboard schedule.
i66 "Scene 3 - Kitchen Counter - Collab with Jade."
i67 Jade was the girl in the crop top.
i68 You went back upstairs without drinking anything.

ACTE 2 - La decouverte | i69-i98 | ~1 min 45 | ~3-4 sec/image

i69 That night you googled his username.
i70 On your laptop. Door locked. Volume off.
i71 The first result wasn't TikTok.
i72 It wasn't Instagram.
i73 It was a subscription page with his face, his chain, his smile.
i74 "Exclusive collabs with models."
i75 Monthly tiers. Tip menu. Custom requests.
i76 You clicked one preview.
i77 The background looked familiar.
i78 Your hallway.
i79 Your bathroom mirror.
i80 The same towel rack Mom bought at Target.
i81 You felt sick.

i82 Not because of what he was doing with women.
i83 Because he was doing it where you ate cereal.
i84 Where Dad grilled on Sundays.
i85 Where you used to do homework on the floor.
i86 You scrolled down.
i87 Fansly link in his bio.
i88 Twitter link.
i89 A "management" email you had never seen.
i90 He wasn't a dancer.
i91 He wasn't a fitness guy.
i92 He was a business.
i93 Downstairs the music got louder.
i94 Someone shouted "Cut!" then laughed.
i95 You put in earbuds.
i96 It didn't help.
i97 You stared at the ceiling and realized your house was a set.
i98 And you were the only one who didn't get a call time.

ACTE 3 - Le leak iCloud | i99-i118 | ~1 min 10 | ~3-4 sec/image

i99 At midnight your phone buzzed.
i100 iCloud Family Sharing.
i101 A photo backup from his phone.
i102 Synced to YOUR camera roll.
i103 Because you share the same Apple ID.
i104 Mom set it up years ago.
i105 "So we can see family photos."
i106 Family photos.
i107 This wasn't family.
i108 A preview thumbnail appeared on your lock screen.
i109 You were half asleep.
i110 You swiped it away.
i111 Too slow.
i112 Monday morning. School cafeteria.
i113 Your phone on the table.
i114 Your friend Maya picked it up to show you a meme.
i115 The photo was still in your Recently Deleted.
i116 She saw it anyway.
i117 "Is that your brother?"
i118 "Is that your HOUSE?"

ACTE 4 - La chute | i119-i145 | ~1 min 35 | ~3-4 sec/image

i119 You snatched the phone back.
i120 Your face was burning.
i121 Maya's face was worse - excited, horrified, already texting.
i122 By lunch everyone knew.

i123 "OnlyFans party at her place."
i124 "Her brother films girls in their kitchen."
i125 Someone made a joke about your fridge.
i126 You wanted to disappear.
i127 Mom called during fifth period.
i128 Dad had seen the sync too.
i129 On his iPad.
i130 At the wedding.
i131 In front of your aunt, your uncle, your grandmother.
i132 Your uncle asked questions.
i133 Your aunt didn't.
i134 She just stared at you like you were part of the production.
i135 Your brother texted: "Why is Mom blowing up my phone?"
i136 You texted back: "Because your content synced to the FAMILY iCloud."
i137 Three dots. Then nothing.
i138 He came home Tuesday afternoon.
i139 No apology.
i140 "It's just business," he said.
i141 "Fans pay. I pay rent."
i142 "You used our house."
i143 "You used our Apple ID."
i144 He shrugged like you were the one being dramatic.
i145 Mom changed the family password that night.

ACTE 5 - Epilogue | i146-i160 | ~50 sec | ~3-4 sec/image

i146 The ring lights went back in the garage.
i147 The whiteboard came off the fridge.
i148 The house smelled like hairspray for another week.
i149 Your brother still posts.
i150 Smaller now. Different locations.
i151 "Airbnb collabs," he calls them.
i152 He still wears the chain.
i153 He still smiles like the camera is always on.
i154 You still share a last name.
i155 You still walk past his closed door.
i156 You still hear notification sounds at 2 AM.
i157 He never said sorry.
i158 You never asked him to.
i159 Some things don't get fixed with a password change.
i160 The party wasn't TikTok.

PARTIE B - SCRIPTS VOICE-OVER (ELEVENLABS)

Chaque bloc fait maximum 40 secondes (~95 mots à 145 mots/min).
